

Dear community member,

One of the wonderful things about our community is the fact that we often come together to create amazing opportunities for our young people. I am reaching out to you in hopes that you'll join Women in Aviation International, Gem State Chapter and others in our area to encourage young girls to consider exciting careers in aviation and aerospace.

Women in Aviation International is the largest nonprofit organization in the world dedicated to increasing the number of women involved in all areas of aviation and aerospace. Our local chapter, a 501(c)3 organization, hosts outreach events throughout the year designed to spark an interest in aviation. Previous Girls in Aviation Day events throughout the world have attracted thousands of girls at hundreds of locations.

We're excited to announce that this year, the Gem State Chapter of Women in Aviation is hosting our very first local Girls in Aviation Day, to be held right here in Boise on September 21<sup>st</sup>, 2024. We hope that this year's event will include significant involvement with our local community, and we already have a lot of momentum moving forward!

As a very young chapter, what we don't have are funds to provide everything needed for this large of an event, which is why we are asking for your support.

Our sponsors show their support with funds, services, volunteers, and supplies. In exchange, sponsors receive recognition outlined on the attached flyer. Sponsorship opportunities beyond the outlined levels are also available. Help us succeed in hosting the event of the year for your next generation of girls and women in aviation!

Our sponsorship deadline is August 1<sup>st</sup>, 2024. Looking forward to working with you, among our many community supporters.

Sincerely,

Sarina Larson  
President
